

INTERACTIVE WHITEBOARD PROGRAM – Primary Schools for the 21st Century - Building the Education Revolution

Original School List

This is the **original** list of schools in each phase who are eligible to receive their Interactive Whiteboards. Phase 1 has commenced and Phase 2 will commence in June earlier than the expected start month of August.

We are currently working through with each school Principal on the number of IWBs that each school is eligible to receive under the BER Program. There are some factors that we need to take into consideration in this determination such as the number of Interactive Classrooms that may have been installed in their BER facilities, a reconciliation of the number of permanent full time classrooms and to ascertain if the school has purchased IWBs from other funding sources such as school funds or P&C Funds.

[Principal Liaison Officers](#) will be available to discuss with school Principals issues that may arise during this process.

- [Phase 1 school list](#): May – July 2011 as provided 4 May 2011
- [Phase 2 school list](#): August - November 2011 as provided 4 May 2011
- [Phase 3 school list](#): December - January 2012 as provided 4 May 2011
